

Decisions on Beacon Hill Affect You, Your Family and Your Faith...

Coalition for Marriage & Family is a grassroots advocacy organization that partners with individuals and churches to restore pro-family, traditional values to government in Massachusetts.

We are **pro-life, pro-traditional marriage**, and believe that public schools and government agencies should stop promoting policies contrary to the values of people of faith in the Commonwealth. Our mission:

Educate citizens of Massachusetts, particularly those who attend church, about specific issues on Beacon Hill that would strengthen or erode our values.

Advocate by providing tools and resources that make it easy for citizens to get involved and take back their government—starting right in their communities.

Train citizens about the basics of lobbying their elected officials, running a campaign for public office, and organizing their fellow parishioners to be more involved in affirming traditional values in government.

Recruit friends and family to expand our base of pro-life, pro-traditional marriage volunteers—so our voice is strong and clear on Beacon Hill.

IF YOU AGREE WITH US THAT A STRONG GRASSROOTS PRO-FAMILY MOVEMENT IS NECESSARY TO TURN OUR STATE AROUND, PLEASE GET INVOLVED TODAY!
