Issue The State Senate released their budget on Wednesday, May 19. During the House budget debate, anti-family legislators tried to tack HB 1728, the Bathroom Bill, on to the budget. It was stopped by the Speaker and Ways and Means Chairman. We need to make sure a similar amendment is not added to the Senate Budget.

Action Call Senate President Therese Murray at 617-722-1500 and Senate Ways and Means Chair Steven Panagiotakos at 617-722-1630 and tell them:

- **You oppose** H1728, the Bathroom Bill
- It needs further study by the Judiciary Committee
- **The budget is not the place for radical social policy changes**
- They should oppose any amendment tacking the Bathroom Bill on to the budget.
